RE: Sinbad Mine
Minerals Recovery Corporation
Emery County, Utah
ACT/015/030

Dear Mr. Newman:

The Division staff has completed a cursory review of the mine plan for Minerals Recovery Corporation's Sinbad Mine. Several items need to be addressed before the Division can complete its review.

1. Minerals Recovery Corporation must submit a Commitment to Rule M-10, Form MR-8. (Copy enclosed)
2. In the MR-1 Form the total acreage is left blank. The Division assumes that the total disturbed area will be 19 acres.
3. The prior and current land use is listed, on the MR-2 Form, as none. The Division staff wonders if this land is not being used for range grazing as prior and current land use.

The Division staff awaits Minerals Recovery Corporation's response to these items, before completing the review. A field inspection of the site

Mr. Eric Newman

by Division personnel is necessary. If Minerals Recovery Corporation would like a representative to accompany the Division staff, please inform me of an acceptable time.

If you have any questions, please do not hesitate to call.

Sincerely,

THOMAS J. SUCHOSKI
RECLAMATION HYDROLOGIST

TJS/te

Enclosure: MR-8 (Commitment to M-10)
